HIGH-PERFORMANCE COATINGS®

LAVA FLOW®

DECORATIVE METALLIC EPOXY FLOOR COATING

Versatile's Lava Flow® Metallic Epoxy System is an interior-grade 100% solids epoxy floor coating system. The finished look is a smooth, glass-like finish that has a unique and subtle reflective sparkle. No two floors will ever look the same.

The Lava Flow® pearlescent pigment is mixed with our clear resinous flooring product and does not require a separate topcoat. An additional topcoat may be applied, if desired, to achieve greater scuff resistance, build, or gloss.

THE VERSATILE DIFFERENCE

- Easy to Clean
- Hot Tire Resistant
- Ultra-Low VOC
- Chemical Resistant
- Enhances Any Space
- Low Odor
- Durable
- Non-Flammable
